# RSDT Challenges

- **Development**
- **Implementation**
- **Sustainability**

# Development Strategies

- **Educate all Stakeholders**
- **Establish and pass Board Policy**
- **List Activities for Testing**
- **Select Drug Panel**
- **Train campus administrators**
- **Select drug testing vendor**
- **Refer to counseling and treatment in the community**

# Development

## **Educating:**

- Students**
- Parents**
- Coaches/Sponsors**
- District and Campus Administration**
- Faculty and Staff**
- Community at Large**
- Media**

# Development Plan

## Community Meeting Agenda

- Power Point Presentation including Video Clips
- Panel of Experts
- Student Testimonies
- Blue Slip Activity
- Translators
- Handouts
- Displays

# Development Plan

## Website development

- Adult and student questions and answers
- Intervention definitions and referral information
- Board Policy and Regulations
- Power Point Presentations
- *What Parents Need To Know*
- List of Activities with Permission Forms

# Implementation

- **Instructional time interruptions**
- **Penetration of the pool of participants**
- **Parental support**
- **Adjusting regulations and procedures**
- **Vendor training to work with students**
- **Board policy change to require counseling**

# Sustainability Strategies

- **Collect data**
- **Secure support**
- **Create policy and regulations**
- **Select vendor**
- Create processes
- Educate constituents
- Implement testing
- Evaluate program

# Sustainability

- **Budget challenges**

- Revenue generating activities (student parking)
- Business partners
- Parent supporting counseling intervention
- Review of drug panel

- **Development of Community Support**

- Training the community, students, and parents about use/abuse and addiction
- Intervention strategies for parents and counselors

# Conclusion

**Random Student Drug Testing serves as a deterrent to student drug use and provides opportunities for nonpunitive intervention for students in need of assistance.**
